

A Touchstone Energy® Cooperative

The board of directors, management and employees of Southern Pine Electric Power Association commend for a job well done the Mississippi legislators who represent our service area. We appreciate their dedication and willingness to serve.

Pictured here are the lawmakers representing districts that include the Southern Pine service area.

Meet Your Legislators

House of Representatives

Senate

Editor's note:
At press time, the House District 101 seat (Lamar and Forrest counties) had yet to be determined in a special election.

Does your thermostat wake up before you do?

With a programmable thermostat, you can wake up to a warm house in the wintertime and save energy too. A programmable thermostat saves about \$100 every year in energy costs. Purchase a programmable thermostat that matches your heating system, follow the manufacturer's instructions when installing and using it, and look for the ENERGY STAR®.
